Pedestrian Planning
A Kentucky Approach

A collaborative effort with
The KY Transportation Cabinet
&
The KY Department for Public Health
Overview

1. Change the Message
2. Unique Partners
3. Build on Success
Change the message

- **Why:** Federally Required
- **Why:** Community identified plan, Health, and Equality/ADA
- **Who:** City & county governments, local advocates
- **What:** Site specific recommendations, Local pedestrian and bicycle projects based on need
- **Where:** People are walking or need to walk
- **How:** Data driven
- **When:** New projects, resurfacing, maintenance
Bicycle and Pedestrian Accommodation Review is included in every KYTC Traffic Forecast prepared or reviewed by the Division of Planning. Using a data driven process, various bicycle and pedestrian recommendations are considered for planned highway facilities.
