

December 18, 2024

Petition to NHTSA, submitted with the support of America Walks, the League of American Bicyclists, and 26,959 consumers:

Whether You Walk or Ride, Let's Not Die!

Protect people outside the vehicle, not just those inside

The number of pedestrian deaths has surged by 83 percent since 2009. I strongly support NHTSA's efforts to help create safer vehicles with pedestrians in mind. Setting head-to-hood impact requirements will help prevent life-threatening injuries. I urge NHTSA to implement this rule and other measures that protect everyone on our roads, regardless of how they travel.
